

10th SPA Web Site Navigational Guides and Aids

10th SPA Web Site

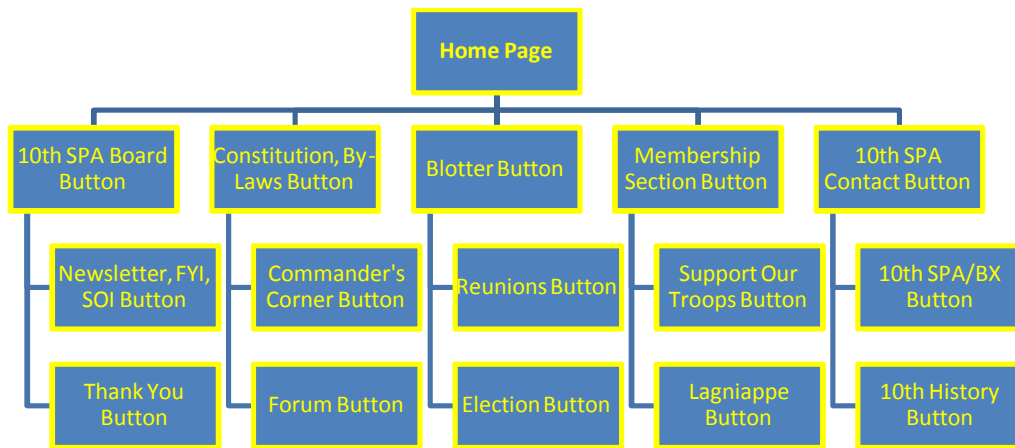

The web site was developed as a way of allowing association members to contribute to the preservation of the squadron's history, traditions and heritage, whether at work or at play, by way of a visual means for sharing this history. These Navigational Guides and Aids were developed to better assist members and visitors as they navigate the web site.

Home Page

The Home Page introduces the 10th Security Police Association to the World Wide Web. The Home Page also provides direct information from within the web site by use of direct links to certain pages and forms.

GUIDE #1-Web Site Color Key: The color key above was developed to indicate within the web site at which tier a page may be seated in relations to other pages. The color key will also indicate at which tier a particular page button may be seated before arriving at a desired page. The color key is standardized for use with the Web Site Navigational Guides and Aids, and the Web Site Overview Chart.

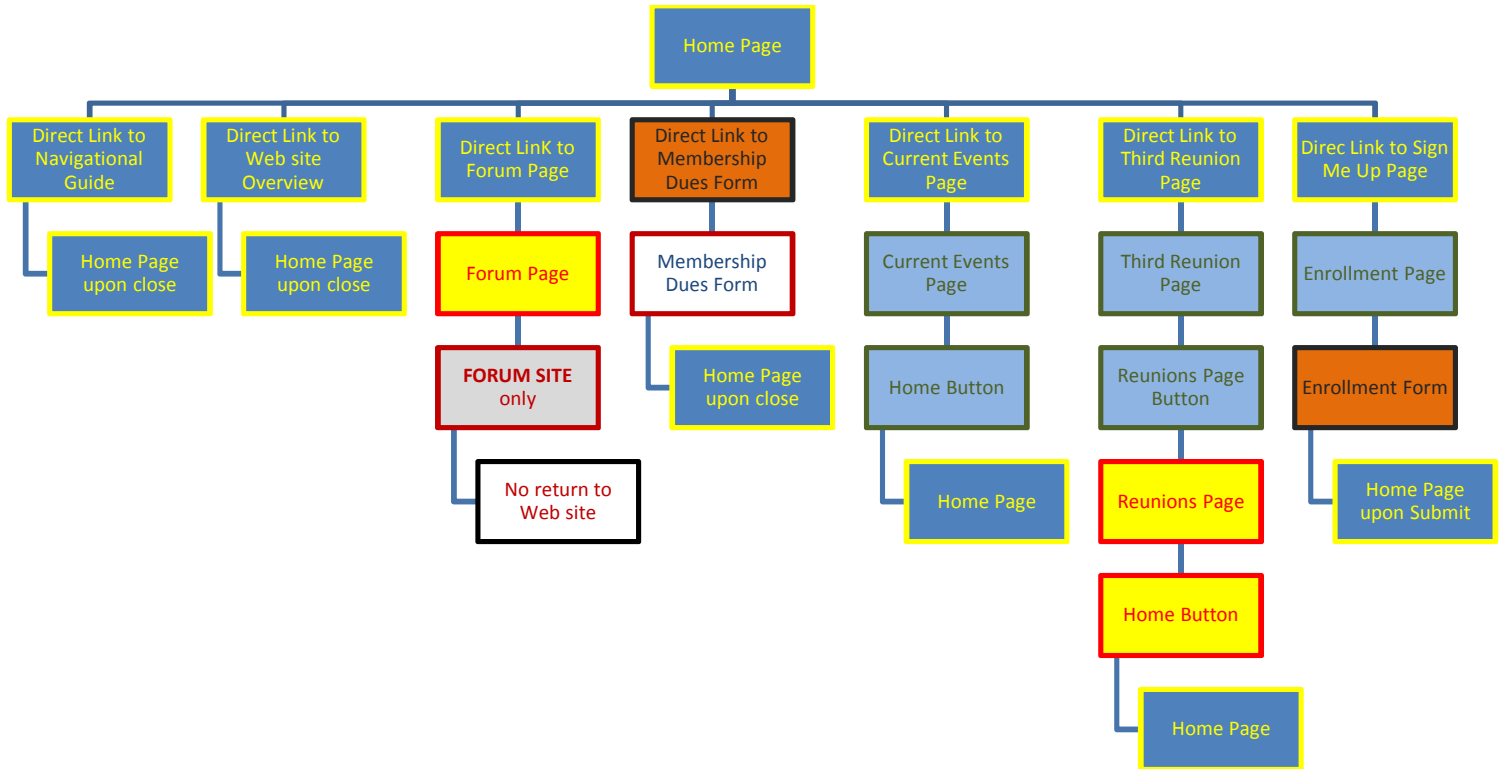

GUIDE #2-Overall Home Page View: The above guide does not show the path of any pages within the web site. This guide simply shows the buttons that are displayed on the Home Page and their relations to the page. Each button will be explored to show the path taken within the web site and related destinations in the following guides. Each button's path will be shown, beginning with the upper left button (10th SPA Board Button), top to bottom of each row, to conclude with the lower right hand button (10th History Button).
